

## **Agro-based Livelihood Options for Income Generation**

Krishi Vigyan Kendra Cuttack, Santhapur organized a five-day training programme for grass-level extension functionaries of the district at its campus on “*Agro-based livelihood options for income generation*” from 22-26 January 2024. Dr Sujata Sethy, SMS (Home Science), KVK Cuttack coordinated the training programme and discussed different aspects of agro-based livelihood options for income generation, processing and value addition of grains, millets, pulses, fruits, vegetables and mushrooms through different classroom sessions, practical and hands-on training etc. Demonstration programmes on different value addition and processing methods were conducted for the trainees. During hands-on training, the trainees prepared different products like millet-based cookies, baby food, traditional recipes, chakli, mixed vegetable pickle, mushroom pickle, mushroom cookies, mixed fruit jam, squash, tomato sauce etc. Head, KVK, Cuttack Dr RK Mohanta chaired the valedictory session of the programme and distributed the certificates to the participants. Twenty-five grassroots level extension functionaries participated from Badamba, Kantapada and Tangi-Choudwar blocks of Cuttack district.
