

Field Visit with A-HELP Trainees

As part of the A-HELP (Accredited Agent for Health and Extension of Livestock Production) training program, a field visit to a fodder farm was conducted on 15th May 2025 at KVK Cuttack. The program was coordinated by Dr Ranjan Kumar Mohanta, Sr. Scientist and Head, KVK Cuttack, who accompanied the trainees and provided hands-on guidance on scientific livestock feed management. Dr Rajan Kamboj, Subject Matter Specialist (Plant Protection), KVK Cuttack, emphasized the importance of integrating fodder crops into diversified farming systems to promote sustainability and enhance overall farm productivity.

Glimpses of Field Visit with A-HELP Trainees
