

World Environment Day-2025

KVK, ICAR-CRRI, Cuttack, conducted “World Environment Day” at Kankali village of Tangi Choudwar on June 5, 2025, focused on the theme of ending plastic pollution. Around 120 farmers and farm women actively participated in the event. Dr. R.K. Mohanta, Senior Scientist and Head of KVK Cuttack, raised awareness about the importance of reducing plastic use and preserving our natural surroundings and distributed saplings to farmers to encourage eco-friendly practices. Dr. Rajan Kamboj, SMS (Plant Protection), emphasized both environmental protection and the safe use of pesticides to safeguard ecosystems. Mr. Prashanta Pradhan and Arabinda Bisoi coordinated the program.

Glimpses of World Environment Day-2025
