

Celebration of National Science Day-cum-Swachhata Awareness Program

Krishi Vigyan Kendra Cuttack celebrated the National Science Day-cum-Swachhata Awareness Program on February 28 and March 2 at Mahanta Nodal Vidyapitha, Uchhapada and Hansnath Government Nodal High School, Paramhans for creating awareness on use of science and swachhata in our everyday lives. Swachhata Awareness Quiz competitions were carried out among the school children and awarded prizes to the winners. Dr Ranjan Kumar Mohanta, Senior Scientist and Head, KVK discussed about the importance of swachhata in daily life and how science plays a major role in our everyday life. The importance of discovery of Raman Effect and how the emergence of Sir CV Raman brought revolution in scientific pursuit in India thereby evolving the term National Science Day. Sri Prasanta Pradhan, Arabinda Bisoi and teachers at respective schools coordinated the programs.
